Ter Yat Po) strongly supports such a wovement on the ground that nothing justifies the arbitrary legislation against the Chineson the part of the Gevernment of Australia, seeing that the relations between the Chinese Empire and Great Britain are on the whole friendly, and that the Chinese Government is offering protection and granting privileges to the British subjects within her territory. It calls to memory the former intention of the Government of Australia to pass a Restriction Act against Chinese emigration—following the example of the United States—which was happily frustrated through the energetic diplomatic action taken against it by the then Chinese for Girls took place at Government House Minister in England. MYSTERIÖUS DISAPPEARANCE OF

a government officer. ALLEGED HEAVY DEFALCATIONS; A feeling of painful surprise was experienced throughout the Colony last night upon its being bruited that Mr Andronico F. Alves, one of the Treasury staff, had disappeared mysteriously, and a still more sinister aspect was given to the rumour when it was announced that serious defaications had been discovered in Mr Alves' books, defaloations which it was stated were likely to lead to oriminal prosecution on the

part of the Treasury. It appears that Mr Carvalho, one of the oldest and most respected of the Portuguese servants in the employ of this Colony, retired on pension from the position of first clerk at the Treasury at the end of last year, and was succeeded by Mr Alves; the second clark and accountant. The promotion has not been gazetted, but it is believed the appointment was made as from the beginning of 1893, and it is also believed that the seonof fity of \$5,000 required from the first clerk and cashier had not yet been arranged. As second olerk and accountant. Mr Alves had the special department of the Crown reuts under his care, and the rumour is that the defalcations in this particular instance are confined to the Crown rents and have taken place during 1892 previous to Mr Alves promotion. The defaloation is said to have been detected in the most casual way. Suspicions were raised on Saturday about a certain payment by a local Company which pays its Crown rent half-yearly in a large lump sum, and it was in checking on Saturday last the accounts for 1891-92 that the Official Auditor, Mr Nicolle, discovered the discrepancy. It was at first assumed that the discrepancy had arisen from the Company not

not having paid up the full amount, and it was only on Monday morning that it was shown by the production of the receipts that there was no claim against the Company. Upon this being brought to the notice of the Colonial Treasurer, he called upon Mr Alves for an explanation. That official professed the profoundest astonishment that such a mistake could have arisen, and our oformation is that he obtained certain books with a view of checking the entrice and correcting the mistake. Nothing definite seems to have been done during the whole of Monday. Mr Alves was busy in his office till close upon the dinner hour (7.30), when he went home as usual. He left his house at his customary time between 9 and 10 a.m. on Tuesday and was then seen in Shelley Street, at the top of which he resided, but after that hour no one seems to have observed him, and nothing is known of his wheresbout-Telegrams were despatched at once to Macao and Canton, and during the day every steamer leaving the harbour was most carefully searched by detectives. No effort appears to have been made by the Treasury Department to secure the detention of Mr

warrant was issued which was signed in the afternoon, the sum stated being \$1,600; and the following notification has been posted by the police:---Description of Andronico F. Alves. Born at Macau. About 50 years. 5 feet 6 inches. Stout. Black, getting gray

Alves until the forenoon of Tuesday. A

Dark. Round. Large. Round. Round. Dark. Shaven on chin. Dark, getting a little turned. Wanted for Larceny of \$1,600. None mentioned. Dark Jacket and

Usually wore gold pince-noz (eyeglasses); trousers yesterday were light. It now appears that the majority of the books which were given over to him for the purpose of checking have also disappeared. The usual number of rumours have been circulated as to the amount that has been embezzled, as to the length of time over which the dishonest system has extended, and as to the various mathods by which the dishonesty has been covered and the books manipulated. Rumour places the total of the defaluations at be-

tween \$9,000 and \$20,000. The painful surprise with which, the announcement has been received is accounted for by the fact that Mr Aires was one of the best of the Portuguese civil servants and he had always been looked upon as one of the most irnstworthy. He had always taken a good position in the Colony in some measure. because of his intelligent and prepossessing namer. He has a large family, with whom much sympathy is felt. This comes as a singularly incongruous termination to a long career in the service of the Governmont. Mr Alves first entered the divil service in 1853 and for eight years was a clerk and draughtsman in the Surveyor General's office. In 1863 he was transferred to the Treasury Department

Station when we went to press. GOVERNMENT CENTRAL SCHOOL FOR GIRLS.

THE DRITISH POLITICAL OUTLOOK-BRITISH ART AT THE WORLD'S FAIR. New York, Jan. 2.-Mr Edmund Yates cables from London: According to the newapapers the Dublin Police are satisfied that the dynamite explosion on Christmas Eve was a purely trade outrage and without any political significance.

Ever since the election the conviction has

been gaining ground among the rank and file of the Liberal party that the Gladstone party cannot long rotain office. Long ago one of the most clear-sighted Gladstonians epigrammatically expressed his serious belief that 'they would not live through the address. This belief is now general, both among Liberals and Conservatives. - There is, however, a very strong aversion on both sides of the House to another General Election for at least twelve months. The funds are pretty well exhausted and electioneering energy and enthusiasm are in need of a period of recuperation." What will happen then if Mr Gladstone suffers defeat, as it is quite likely he may do within three months of the reassembling of Parliament? The query cannot be answered with any positiverecord that under the circumstances it is highly probably that the Queen would invite the Duke of Devenshire to form a ministry, which would only be intended as a stopgap, but which might do much good work. This course is not acceptable to the Conservatives, and whether it will prove feasible time must show.

"94, Commercial Road, Peckham, July 12.

"Dear Sir,—I am a poor hand at expressing my feelings, but I should like to thank you. Your lozenges have done wonders in relieving my terrible cough. Since I had the operation of 'Tracheotomy' (the same as the late Emperor of Germany, and unlike him, thank God, I am still alive) performed at St. Bartholomew's Hospital, no one could possibly have had a more violent cough; it was so had at times that it quite exhausted me. The macus, which was very copious and hard, has been softened, and I have been able to get rid of it without difficulty.—I am, sir, yours truly, J. IIII.I..."

MEDICAL NOTE. The above speaks for itself. From strict inquiry i appears that the benefit from using Kenting's Cough Lozenges is understated. The operation was a specially severe one, and was performed by the specialist, Dr. H. T. Butlin, of St. Bartholomew's Hospital. Since the operation the only means of relief is the use of these Lozenges. So successful are they that one affords immediate benefit, although from the nature of the case the throat irritation is intense.

UNRIVALLED TESTIMONY. Under data Sept. 8th; 1891. Mr. Hill again writes. I should long since have been dead, but for your Lozenges-they are worth their weight in gold. I will gladly see and tell anyone what a splendid cough remedy they are.

Kesting's Cough Lozenges the unritalled remedy for COUGHS, HOARSENESS and THROAT TROUBLES, are sold in Bottles by all Chemists.
